Case Supplement ReportCase Report # **2016-00021188****NARRATIVE**

On 11/04/16, I, Officer Kristen Parnell, contacted a deputy from King County Sheriff's Office and a Monroe police officer, through dispatch, to check on two of the Ford F350's found in my Driver and Plate Search (DAPS).

There were four total matches. The two not checked on were registered to addresses in Ocean Shores and Springdale, WA. I did not believe it was reasonable to think those trucks would have been in the city of Lake Stevens on the date and time of the collision.

The Monroe officer confirmed a truck matching the description was parked in a garage at the address it was registered to. He told me he did not see any signs of damage and did not believe it was the suspect vehicle in this case.

The King County Deputy told me the address he was checking on in Woodinville was a gated community that he could not access. He said he would attempt to find someone to let him in to check on the truck, but if I did not hear back from him he either did not get in or the truck was not likely my suspect's truck. I did not hear back from the deputy.

I was unable to find any other trucks on DAPS registered to addresses in or around Lake Stevens. The suspect truck is a very common model and color.

Due to the lack of investigative leads, this case is being closed in the files of this office. This case is subject to reopening pending further information and evidence that would identify any possible suspect.

I CERTIFY UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING STATEMENT IS TRUE AND CORRECT, AND I AM ENTERING MY AUTHORIZED USER ID AND PASSWORD TO AUTHENTICATE IT.

Case Report # 2016-00021188

NARRATIVE

Summary

On 10/25/16 at approximately 1423 hours, I, Officer Kristen Parnell, was dispatched to a report of a hit and run collision on in front of Norm's Market located at 10027 Lundeen Pkwy in Lake Stevens. When I arrived on scene, a silver 2006 Dodge pickup with Washington registration DP42380 and a black 1994 Ford Mustang with Washington registration ATM2877 were stopped in parking lot of Norm's Market. The third vehicle involved, a gray Ford pickup, fled the scene northbound on 101st Ave NE prior to my arrival. The driver and passenger in the Mustang were examined by aid for head, neck, and back injuries. Lake Stevens Fire personnel were required to cut the Mustang and Dodge apart from each other.

Narrative

When I arrived, I saw the Dodge and Mustang stopped in the parking lot of Norm's market in front of the south entrance. The driver of the Dodge, Jennifer A. Stevenson (DOB 05/30/74), told me she had been driving westbound on Lundeen Pkwy, then stopped for pedestrians in the crosswalk when she was "rear-ended" by the Mustang.

Jennifer saw the gray Ford pickup flee northbound on 101st Ave NE and provided a possible partial registration number of C19345. She also told me the Ford had a "diamond plated" tool box in the bed of the Ford.

Jennifer told me she and her two sons, Michael S. Stevenson (DOB 02/23/03) and Matthew S. Stevenson (01/17/05), who were in the truck with her, were not injured, but Michael was complaining of head and neck pain.

The driver of the Mustang, Summer T. Scales (DOB 01/12/00), and passenger, Nicole M. Beasley (DOB 11/30/99), told me they had stopped behind the Dodge when it stopped, then were hit from behind by the gray Ford that fled the scene. When the Ford hit the Mustang, the Mustang was slammed into the back of the Dodge. The driver and passenger front airbags in the Mustang were deployed during the collision.

The trailer hitch of the Dodge pushed back the hood of the Mustang and hooked the two vehicles together. When Jennifer drove the Dodge into the parking lot to assess the damage and trade information with the other drivers, the mustang was dragged into the parking lot behind it.

I noticed the Mustang and Dodge were connected by the trailer hitch on the Dodge. Lake Stevens Fire personnel were later required to cut the trailer hitch off of the Dodge in order to separate the two vehicles.

Summer and Nicole complained of some neck and back pain as a result of the collision. Aid was dispatched to the scene to evaluate their injuries. Parents for both of the girls were also contacted and arrived on scene

shortly after to take them to the doctor.

I was later notified by Summer's mother, Reese Scales, that Summer sustained whiplash and a severe concussion, which has required her to miss school and softball. Summer has also been having trouble sleeping due to frequent nightmares about the collision.

A witness to the collision, Brandon M. Builes (DOB 10/27/94), was behind the fleeing Ford when the collision happened. Brandon saw the Ford impact the rear end of the Mustang, back up, then turn northbound onto 101st Ave NE. He did not notice the Ford's registration number.

An unknown female approached Officer Christiansen, who arrived on scene as the vehicles were being cut apart. She told him another woman, "Tricia", had witnessed the collision and had more information. She gave him Tricia's phone number (425-501-8732), which he then gave to me. I have called Tricia twice and left voice messages requesting a call back, but have not heard from her. Dispatch confirmed the phone number is linked to a Tricia Hall in Marysville, WA.

I spoke to Norm's Market employee Brandon Chandler about the store's security video possible capturing the fleeing Ford. Brandon did not know how to make a copy of the video or how to change the view to a camera that could possibly have given a better angle, but he did provide a screenshot of the fleeing Ford. He told me the date and time stamp on the video is not accurate, but gave me a piece of paper with the video information on it.

I showed the picture to several other Lake Stevens police officers. After reviewing the picture and talking to several people, I believe the fleeing truck was a Ford F-350 or F-250 Superduty. The year is likely to be between 2012 and 2016.

I conducted several searches using the Department of Licensing (DOL) Driver and Plate Search (DAPS). My searches included several different variations of the partial registration number provided by Jennifer, using wildcards for missing or unknown characters. I also searched based on year, make, and model, as well as a combination of partial registration numbers and vehicle descriptions.

There are 349 gray 2012-2016 Ford F350's registered in Washington State. There is one F250, but it is registered in Clarkston, WA. Based on the information provided to me, I have been able narrow my results to four possible matches in the state by using search criteria of gray 2012-2016 Ford F350's with the registration that begins with C19. I will contact other law enforcement in the areas these trucks are registered to attempt to contact the trucks and look for any damage.

I have included the picture of the fleeing Ford as well as picture of the damage to the Mustang in this case file.

I was driving on Lorred Pkwy. with three cars directly in front of me. The first car (Farthest from me) slowed down in a fast manner, apparently trying to stop for a pedestrian at a crosswalk. When that occurred the Black Mustang behind that car (RAM) was able to stop as well. The third car (closest to me) (Silver truck) was not able to stop and crashed into the Mustang very hard causing them to crash into the RAM. The Silver truck then proceeded to back away (and almost into me), and speed off into 101 ave. NE, fleeing from the scene. This all occurred in front of Lorred Park and Norm's gas station.
